In 2008 the Pennsylvania Environmental Council will feature a presentation of all of the award winners at its gala 2008 Harrisburg Dinner

For over two decades, PEC has demonstrated expertise at holding environmental awards events. PEC dinners and award programs are signature events throughout the state that are attended by over 1,000 people annually. In the past 10 years, PEC has awarded more than 100 environmental awards during events in Pittsburgh, Harrisburg, Meadville, Wilkes Barre and Philadelphia. Our staff has expertise with coordinating award presentations, managing publicity for award winners and creating meaningful public recognition events.

The Governor's Awards for Environmental Excellence provide statewide recognition to organizations and this will be a unique event that draws a potential audience from all over the state involved in a cross-section of environmental initiatives from cleaning up watersheds, saving energy, eliminating pollution, reducing waste and more.
